MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Policy Letter - Ensuring Effective Internal Controls on the Purchase Card Program

1. Major Subordinate Command (MSC) Commanders, as Heads of Contracting Activities, need to pay particular attention to ensure internal controls are established for the government purchase card program.
2. Numerous reviews of purchase card programs by the Government Accountability Office (GAO), the Army Audit Agency (AAA), and other reviewing organizations continue to demonstrate the need for compliance with comprehensive purchase card policy (enclosed). Commanders must ensure that purchase card program duties are outlined in the performance standards of all cardholders, billing officials, and agency program coordinators.
3. The purchase card program provides significant savings and internal efficiencies to the Army and is crucial to our mission success. Appropriate safeguards must be in place to maintain the program's credibility. You and your program officials must be familiar with purchase card guidance and ensure that the program's requirements are appropriately implemented.
4. This policy replaces AMCCP-P memorandum (03-02-CP-P) on this subject, dated 20 November 2003.

**AMC COMMAND POLICY NUMBER 05-10-AMCCP-P – INTERNAL CONTROLS  
FOR THE GOVERNMENT PURCHASE CARD PROGRAM – (Supersedes Policy No. 03-  
02-CP-P)**

1. **Issuance and Retention of Purchase Cards.** Issuance and retention of purchase cards shall only be to individuals with a continuing, bona fide need. A continuing, bona fide need is defined as transactions of more than 1 per month. Accounts which reflect one or no transactions for 2 consecutive months shall be considered inactive. At least every 6 months the responsible Agency/Organization Program Coordinator (A/OPC) shall identify those cardholder and billing official accounts that are inactive and reduce the spending limit to \$1.00 or cancel the account.
2. **Single Purchase Spending Limits.** No purchase greater than the micro-purchase threshold will be made with a purchase card or a convenience check. The billing official, in coordination with Resource Management, will establish single purchase limits which will be determined based on prior purchase history. Account expenditures will be reviewed at least every 6 months by the A/OPC to determine if purchase limits need to be adjusted.
3. **Monthly Purchase Spending Limits.** Monthly purchase limits shall be established by the billing official in coordination with Resource Management for each cardholder. (They will establish an appropriate limit per card based on expected monthly use and review the established limit every 6 months to bring in line with actual purchase history. Regardless of the established monthly spending limit, no amounts in excess of budgetary limits will be spent.)
4. **Office Spending Limits.** Office spending limits shall be assigned to each billing official by the A/OPC based on the total cardholders' monthly spending limits. The total shall not exceed established budgetary limits.
5. **Usage of the Card as a Payment Vehicle.** Principal Assistants Responsible for Contracting/Directors of Contracting may appoint cardholders to use the government purchase card to make payments against a contractual instrument, but only if specifically authorized by the card-issuing authority. To use the card as a payment vehicle, the contract must contain a provision authorizing payment by credit card.
  - Orders by non-procurement ordering officials against blanket purchase agreements, indefinite-delivery/indefinite quantity contracts and other contractual instruments may not exceed \$25,000.
  - Procurement officials may be authorized to make payments on contracts up to the limit specified in the contract, except that no individual payment transaction may exceed \$9,999,900.

6. **Ratio of Cardholders to Billing Officials.** No single billing official shall be assigned more than 7 cardholders by the A/OPC. Any exception for more than 7 cardholders per billing official must be approved by the Chief of the Contracting Office for 8-10 cardholders, by the Principal Assistant Responsible for Contracting for 11-19 cardholders or the Purchase Card Program Manager for 20 or more cardholders.
